Sahil CNC Manufacturers – Precision Engineering Excellence

🏭 Company Overview

Sahil Alloys & Machine Tools, operating under the brand **Sahil CNC**, is one of India's leading manufacturers of CNC machines. With over **60 years of legacy**, the company has installed more than **5,000 machines** across **20+ countries**, serving industries from **aerospace** to **agriculture**.

🔧 Product Portfolio

Sahil CNC offers a wide range of high-performance machines:

- **Turning Machines**: CNC Vertical Turning Lathe, Slant Bed Turn Mill
- **Milling Machines**: Double Column Milling, Gantry Milling, 5-Axis Milling
- **Boring Machines**: Floor Boring, Horizontal Boring
- **Hybrid Solutions**: Turn Mill, Vertical Turn Mill (Turret)
- **Conventional Machines**: Horizontal & Vertical Turning Lathe

Turning Machines:

Conventional VTL 1000
